2190 Series
Point of Sale System

The 2190 POS Touch Workstation is an all-in-one system designed to deliver high reliability along with exceptional system performance. The 2190 uses a fanless design that increases operational uptime. Its quiet operation, bright touch screen and small footprint make it a perfect solution for any retail environment.

Better Reliability

- A truly durable platform that provides the perfect hardware solution for even the toughest retail environments.
- A fanless design increases overall product dependability by eliminating a potential failure point and provides for quiet system operation.
- A smart design for easy maintenance and quick access to input and output ports, ensuring no interruption to standard operation.
- A true flat LED touch monitor provides a bright, easy-to-read display that consumes less power and delivers increased reliability.

Enhanced Sustainability

- A highly efficient power supply and fanless design dramatically reduce power consumption.
- Efficient electronics deliver high processing performance at a value price.
- The product is manufactured using ISO 14001-2004 standard for the implementation and operation of environmental management systems.

Greater Flexibility

- Touchscreens are available in resistive and projected capacitive (multi-touch) technology, providing retailers with functionality that best meets their needs.
- Multiple interface connections provide a platform that supports a wide range of POS peripherals.
- A variety of configuration options are available including an integrated MSR, integrated customer display and a large 10.4" customer facing rear video display.
- The compact all-in-one footprint is a perfect fit for space-conscious deployments, as well as for temporary and seasonal store locations.

PROCESSOR	Intel® 3955U dual-core CPU (2M Cache, 2.0 GHz)
SYSTEM MEMORY	4GB GB DDR3 RAM standard (up to 8GB)
GRAPHICS	Intel® HD Graphics 510
LCD MONITOR DISPLAY	15" LED backlight, 350 nits, 1024 x 768
TOUCHSCREEN	True Flat Resistive or Projected Capacitive
HARD DRIVE	500 GB 2.5" SATA (128 GB Solid State Drive; Optional)
NETWORKING	10/100/1000 Mb Ethernet LAN
RS-232 PORT	3 RS-232 Ports (one powered)
CASH DRAWER PORT	1 Cash Drawer Port (24V)
USB PORT	6 USB Ports (4 USB 3.0, 2 USB 2.0)
VIDEO PORT	1 VGA Port
AUDIO	Audio line out
CUSTOMER DISPLAY	2-Line X 20 Character VFD (Optional) or 10.4" LCD Display (Optional)
MSR	Integrated ISO 3-Track, Programmable (Optional)
RECEIPT PRINTER	Thermal (Optional)
BARCODE SCANNER	1D or 2D Imager (Optional)
CASH DRAWER	Standard or Compact (Optional)
OPERATING SYSTEM SUPPORT	Microsoft® Windows® 7 Professional, Windows® POSReady 7, Windows® 10 Professional, Windows® 10 IoT Enterprise
DIMENSIONS (WXDXH)	15" x 8.9" x 12.6"
COMPLIANT STANDARDS	UL 60950, FCC Class A, RoHS
