

4600 POS System

The 4600 POS System delivers the latest POS technology, high reliability for greater uptime and system flexibility retailer's demand. The 4600 is designed with a powerful Intel i5 processor with 14 cores, durable long-life components and numerous interface ports ensuring retailers' investments are protected.

Greater Performance

- An advanced Intel i5 processor with 14 cores provides high performance that can easily handle the most challenging retail applications
- An embedded long-life chipset provides a proven platform for demanding retailers' needs and support for emerging technologies
- 16GB of system memory is provided in the standard configuration
- The powerful electronics makes the system a perfect solution for complex kiosk applications

Greater Flexibility

- A small physical footprint allows the system to be configured on or under the checkout counter or in a retail self-checkout or information kiosk
- A variety of interface connections provide a platform that can support a wide range of POS peripherals
- A powerful 200W power supply allows for peripherals to be powered using an auxiliary power port

Better Uptime

- A durable design with long-life components provides a perfect hardware solution for the toughest retail environments
- The system is designed for easy maintenance and quick access to all ports and connections allows for uninterrupted operation
- The standard data storage is an M.2 solid state drive which provides fast and highly reliable operation

4600 Product Specifications

technical specifications

PROCESSOR	Intel® Core i5-13500 CPU with 14 cores (24M Cache, up to 4.5 GHz)
SYSTEM MEMORY	16GB DDR5 Standard
GRAPHICS	Intel® UHD Graphics 770
NETWORKING	2 x 10/1000/1000 Mb Ethernet LAN
STORAGE	256GB M.2 SSD or greater
OPERATING SYSTEM SUPPORT	Windows 10 IoT, Windows 11 IoT, Linux
POWER SUPPLY	200W Power Adapter
USB PORTS	FRONT: USB: 2 x USB 2.0; REAR: 6 x USB 3.2, 1 x USB-C
SERIAL PORTS	2 x RS-232 (COM1 Powered)
VIDEO PORTS	4 x Display Ports
AUDIO	1 x Line Out, 1 x Mic In
DIMENSIONS (W x D x H)	8" x 8.1" x 3" (203.2mm x 205.74mm x 76mm)
PAYMENT DEVICE (OPTIONAL)	Pin Pad or Signature Capture
MONITOR (OPTIONAL)	21" LCD w/PCAP Touch or larger
RECEIPT PRINTER (OPTIONAL)	Thermal Receipt
CASH DRAWER (OPTIONAL)	Standard or Compact
SCANNER (OPTIONAL)	2D Imager
