UTC RETAIL™

5190 Series
Point of Sale System

The 5190 Integrated POS System delivers superior performance with the latest electronics, high reliability and industry leading efficiency that protects retailers' investments and reduces ongoing operations costs. The 5190 sets the standard for product reliability and ease of maintenance. The integrated platform provides a powerful, convenient POS system that can fit into any high demand retail application.

Lower Cost of Ownership
- Designed with powerful yet energy efficient Intel processors and chip sets as well as a highly efficient power supply that dramatically reduces energy consumption.
- High product reliability is delivered due to using durable and retail hardened components and POS peripherals
- A dual hard drive option and expandable memory offer flexibility to meet a variety of changing application needs
- Numerous I/O interfaces include Serial, USB and Powered USB which provide flexibility in peripheral options.

Greater Uptime
- The unique modular design enables the quick changing of peripherals and key components for system upgrades, maintenance and support.
- Logic modules and power supply modules are designed with diagnostic indicator lights making it fast and easy to identify and troubleshoot rare operational issues.
- The LCD monitor has a quick release feature for easy mounting and removal.
- Peripherals cables are color coded for simple and accurate identification.
- The latest Intel Processors and chip sets provide a powerful, reliable processing platform.

Security
- A locking front access cover prevents unauthorized access to critical internal components.
- All peripheral cables are concealed within a durable enclosure and are protected from outside access.
- An internal power management system powers all peripherals so that only one power cord to the wall is needed.
- An optional cash drawer garage provides an additional security level by securing the cash drawer.

5190 SERIES FEATURES

technical specifications

PROCESSOR	Intel® Pentium® Gold G5400T (i3, i5 optional)
SYSTEM MEMORY	8GB, DDR4 2400Mhz (up to 32GB)
HARD DRIVES (UP TO 2)	128GB Solid State Drive (or higher)
GRAPHICS	Intel® Integrated UHD Graphics
AUDIO	Yes, Line In, Line Out
NETWORK INTERFACE	10 / 100 / 1000 Mbs Ethernet
EXPANSION SLOTS	1xPCIe
DISPLAY	15" Touch LCD (up to 24" Widescreen)
CUSTOMER DISPLAY	2-Line X 20 Character VFD
MSR	3 Track, Programmable (Optional)
RAID 1	2 Hard Drives (Optional)
RECEIPT PRINTER	Thermal
KEYBOARD	UTC RETAIL Programmable POS OR Standard PC
CASH DRAWER	Yes, 2nd Drawer (Optional)
DIMENSIONS (WXDXH)	18.5" X 19.5" X 4.25"
OPERATING SYSTEM SUPPORT	MICROSOFT® WINDOWS® 10, WINDOWS® 10 IoT
RS-232 PORTS	4 (3 powered 5V/12V)
USB PORTS	4 (USB 2.0)
POWERED USB INTERFACE PORTS	2 (+12V, +24V)
VIDEO PORTS	SVGA, DVI
PRINTER POWER PORT	24VDC
PS2 KEYBOARD PORT	Yes
PS2 MOUSE PORT	Yes
